### Outdoor Activity:

#### Nature Scavenger Hunt!

Take advantage of the spring weather with a fun nature scavenger hunt! Create a simple list of items for your child to find outside—like a pinecone, something yellow, a bird, a smooth rock, or a leaf with jagged edges.

This activity encourages movement, observation skills, and a little adventure—all while exploring the outdoors as a family!

*TIP: Bring bags to collect treasures or clipboards to check off items as you go!*

Stay moving and grooving!
